County Park
Campground Pembroke,
Pines FL

2024 National Muster

11-21 September 2024
Ladson, SC 29456

From your President, Tony Mason

This has been a busy year for me as I am currently holding two Presidential positions in SMART, Gold Coasters and SMART FMCA. Additionally, for SMART to survive, it's imperative that our members assume leadership and administrative positions. This is necessary to support SMART's existence and continue providing all of us great RVing experiences, opportunities to see each other often as we see the country we've defended.

Beginning this year, the Gold Coasters saw its leadership change from its long standing creators. These were big shoes to fill. We have had new members step up and accept these roles and are doing their best to serve you. Thank you to our new leadership. With that being said, membership participation is becoming a concern. Participation across SMART as a whole has decreased. Our fall muster was canceled due to a lack of participation. Looking forward, we hope to increase participation with new places to muster. As the year comes to an end, we pray for the health of our members and look forward to our 2024 musters.

Next year's muster schedule is in the works. Keep an eye on the Gold Coasters site for updates. Our Valentines Day Muster will be held **February 12-16, 2024** in **John Prince Park** located in Lake Worth, FL. The park has encouraged our members to call daily to ask if spots are available. I know this is an imposition, but please try to call them to see if spots open up. So far, five of us have been successful securing spots. We were able to get in by agreeing to move half way through the muster. There are options here! Our **2024 Pre Holidays Fun** muster is in the works and will be held in **C.B. Smith Broward County Park** Pembroke Pines, FL **November 30 – December 7**. You can register now.

Our very own Past President, John Steinbauer, is the head of the SMART National Muster which will be held at **The Exchange Park**, 9850 Hwy. 78, Ladson, SC 29456. Register now!. (Charleston Area) early Arrivals can be Wednesday, September 11th after 1200 noon. Muster departure date will be Saturday, September 21st by 1200 noon. Tour registrations will be online by a tour management company and will be available when 2024 tour fees are determined. Check the SMART website for more details.

During the last year, only 2 purchases have been made from the Haberdasher website. A lot of work went into setting this up and managing it. At this time, we have decided to cancel the website due to lack of income to continue it. Any merchandise the Chapter has purchased will be available for purchase at future Musters only.

Membership Announcement

Help us wish our members celebrating upcoming birthdays and anniversaries! Send a card an email or phone them!

Birthdays	
Sue Young	28-Jan
Patti Bergener	31-Jan
